About Us

Duty Cats, 2022

Who We Are

Duty Cats, a Metaverse project launched in mid-2022, aims to expand the community with its emphasis on logo and website designs and social media platforms. They plan to move the project forward by producing content with video, graphic designs and communication channels.
With its analysts, software developers, graphic designers and a talented group in many branches, DutyLabs takes steps to develop the project with new content every day.

Our Vision

Our vision is to be the most customer-oriented Digital company in the world; It is to ensure that people do not be nervous when purchasing NFT and in-house products, to increase ease of purchase, and to create a place where they can explore new environments and ideas.

Our Projects

Duty Cats NFTs - Opensea
Duty City - Metaverse
Award box - Web3 dutycats.space
Social Projects

Our Mission

To serve consumers through reliable marketplaces and to create a secure structure by offering open sources of developed products to consumers.
